

**Using the Whiteboard**

- Discuss the problems with students.
- Ask volunteers to use the **Pen** to work out the problems and write their respective answers in the space provided.
- Tap **Try Another!** to reveal two additional problems.
- Discuss the problems with students.
- Ask volunteers to use the **Pen** to work out the problems and write their respective answers in the space provided.

Answer Key

7 pounds = 112 ounces 6 tons = 12,000 pounds
1 pound > 15 ounces 2 tons > 2 pounds
